

Pure Evil!

By Dean L. Gano; May 2022

As we documented in [Crimes Against Humanity](#), Anthony Fauci is one of the vilest human-like creatures on the planet and now we learn from Robert F. Kennedy Jr's book "[The Real Anthony Fauci](#)" that he has been killing people for profit for over 30 years. He has it down to a perfected science and we will explore how his operation works here.

It all started with the [AIDS epidemic](#) in the 1980's and early 1990's. To stop this epidemic among mostly gay men, the NIAID under the control of Mr. Evil himself, Anthony Fauci worked with Big Pharma drug maker Wellcome Pharmaceuticals and created a drug called AZT. They ignored hundreds of other effective drugs and pushed AZT just like he did with [Remdesivir](#) and the [experimental mRNA vaccines](#) in response to the COVID-19 Pandemic of 2019 - 2022.

During the AIDS epidemic in 1987, Dr. Fauci's team ignored the early animal trials of AZT that showed it [killed rats when given just a minuscule dose](#). Then he rushed to human trials without the usual animal trials, just like with the COVID Vaccines.

And just like he did with Hydroxychloroquine and Ivermectin, he rigged his NIH trials of other effective AIDS medicines like AL 721 to show they were ineffective.

To make sure his trials on the toxic AZT drug showed success, he paid his Principal Investigators (PI's) more money to [keep the AZT treated patients alive](#). They did this by giving them regular blood transfusions of good healthy blood, thus removing the AZT from their system. And they secretly gave the placebo group doses of AZT which subsequently killed them. Thus, the trial results showed those receiving AZT had better outcomes, even though they all eventually died from the poison that was AZT.

However, the real crime is that this was all known in 1987 when writer [John Lauritsen](#) published some reports and later [wrote books](#) on these crimes against humanity. Using the CDC's Adverse Events Reporting System, he estimates that AZT killed about 330,000 gay men from 1987 to 2019 and documented these findings on a YouTube video at <https://youtu.be/YVjcg3m3JNo>, but YouTube has subsequently censored it. Once again showing that Big Pharma along with their psychopathic friends at Big Tech have been controlling the narrative about their deadly schemes for decades.

Fast forward to 2020 – 2021 and the COVID-19 Vaccines and we see the same scenario playing out as documented in our report of April 2022: [Ivermectin or Vaccines? Which is Better?](#) They rushed these experimental vaccines and gave them an Emergency Use Authorization (EUA), which started killing people once again. And once again, [some Doctors and Scientists](#) began [speaking out about this criminal activity](#), but nothing has been done to stop it even though the evidence continues to pile up.

Canadian immunologist and vaccine researcher Byram Bridle, Ph.D., recently gained access to Pfizer's biodistribution study from the Japanese regulatory agency. The

research [demonstrates a huge problem with all COVID-19 vaccines](#) that has been known for years, but hidden by Dr. Fauci's fraudulent practices, in order to make more money for himself and Big Pharma.

Recent research studies showed the mRNA spike proteins enter your bloodstream and accumulate in a variety of organs, primarily your spleen, bone marrow, liver, adrenal glands and, in women, the ovaries. The spike protein also travels to your heart, brain, and lungs, where bleeding and or blood clots can occur as a result. It also expels in breast milk and will infect the breast-fed children with the same toxins, and eventually reduce their lifespan also. See [Crimes Against Humanity](#) for more details on how it destroys the immune system and thus shortens the lives of all who got the jab.

Dr. Fauci's perfected this template of his psychopathic process with the AIDS epidemic, which has worked very well for decades now. As outlined in "The Real Anthony Fauci," his proven formula goes like this:

1. Create a biological danger in the form of a newly created or emerging pathogen. e.g.: HIV, Swine Flu, Zika, Ebola, [COVID-19](#), or as [House Cat Flu documented in the following video](#) Click this link to watch.

2. Get the spreading disease classified as a [pandemic](#).
3. Fan hysteria by [exaggerating the transmissibility](#) and lie about how it's transmitted. Contrary to the advertised effectiveness of 95%, the vaccines evaluated as only 0.84% effective at preventing a virus that is 99.997% survivable for people under age 45.
4. Periodically [create fear by warning](#) of more dangerous mutant strains. OMG, Omicron is coming and it's as bad as a common cold.

5. Exercise control of the sheeple by suggesting or demanding changes in behavior; [like wearing masks that don't work and social distancing](#).
6. Issue confusing and contradictory pronouncements to keep the sheeple confused. i.e.: [Masks don't work!](#); oops, masks work!; oops; triple masks work really well! [Reality: Masks kill](#).
7. [Use faulty PCR and antibody tests](#) to maximize the belief that a calamity is imminent.
8. Ignore or purposefully dismiss existing treatments that are [proven to work](#).
9. [Direct NIH efforts and Government money to make profitably patentable drugs](#) and vaccines that do not work, as the only way to end the phony pandemic.
10. Fund [phony research](#) to validate and promote the chosen drug or vaccine.
11. Partner with Big Pharma to [maximize profits](#) for me (Tony baby!).
12. Allow the preferred companies who have agreed to pay me big bucks, to [skip required government testing requirements](#).
13. Carefully design and control trials to [conceal severe safety and efficacy problems](#).
14. [Do everything you can to sabotage or discredit](#) any existing non-patentable therapies that might compete with the new patentable money-making therapies.
15. [Allow thousands of patients to die](#) by denying them access to demonstrably effective treatments. This will help my fellow psychopaths meet their goal of depopulation.
16. [Control the key "independent" committees](#) that approve new therapies by populating them with bought and paid for PI's who work for me.
17. Continually promote these "independent" [agencies as trustworthy](#) institutions.
18. Use the [rigged approval process](#) called "Emergency Use Authorization" to fast-track the toxic meds.
19. [Carefully manipulate](#) hand selected media personnel to propagate my phony narratives and don't talk to anyone who challenges me.
20. Also use "Science by Press Release" [to control narratives](#).
21. [Make exaggerated claims](#) about the efficacy of my toxic meds.
22. [Lie about the adverse events from taking the jab](#). Pfizer had 1,223 fatalities and 42,086 reports of injury in the first three months of testing. When you consider that the 1976 swine flu vaccine was pulled after only 25 deaths; this is proof of organized fraud.
23. Cite phony "leading experts" to promote the science that is [practically never peer reviewed](#).
24. Allow Big Pharma to charge Medicare, government programs, and insurance companies [inflated prices](#) that have no relationship to actual costs.
25. Ensure that all NIH funding goes to [research that supports the dogma](#) about my toxic meds.
26. Use friends in Corporate media and Big Tech [to censor](#) any dissenting voices in popular media, social media, and [scientific publications](#).
27. Ignore the fines from the US Justice Dept. because it is still worth the billions in profit we make. [Pfizer alone has been fined almost three billion dollars since 2002](#), and keeps on running this scam with Tony's help.

28. [Repeat this process](#) by promising the ultimate salvation with my never-ending string of more vaccines.

So, given that our politicians and justice system have known about this template and these crimes against humanity for decades, why hasn't Congress stopped this maniac? [Drain the Swamp NOW!](#)
