

Lies, Lies, and More Lies!

By Dean L. Gano; August 2022

1. They told you they needed just three weeks to flatten the curve.
They lied.

2. They told you that if you stayed at home that it would prevent the hospitals from being overcrowded.

They lied. ([Source](#)) Very few hospitals were ever overcrowded, and the highest infection rates were in communities where people stayed home and infected other members of the family.

3. They told you millions of people around the world were dying of Covid-19.

They lied. ([Source](#)) Most deaths are caused by a pre-existing condition that the vaccines or the Covid-19 virus exacerbated. More on this in lie #18.

4. They told you that Covid-19 is a disease of the unvaccinated.

They lied. ([Source](#)) Over 70% of hospitalized Covid patients are vaccinated and the real-world vaccine effectiveness is proving to be as low as minus 391%, meaning you could be 4 times more likely to get infected with COVID-19 than the unvaccinated. ([Source](#))

5. Then you were told the Covid vaccines make you less likely to be infected with or transmit Covid-19.

They lied. ([Source](#)) Those with three doses are three times more likely to be infected.

6. They told you that the Covid vaccines are safe and effective.

They lied. ([Source](#)) They are 75 times more deadly than every other vaccine available. Pfizer knew from their own early safety studies that 90%+ of pregnant women that got vaccinated had miscarriages. ([Source](#))

7. They told you that the contents of the Covid vaccines stay at the injection site.

They lied. ([Source](#)) The spike proteins in the vaccines go to all parts of the body, but most troubling is that they are highly concentrated in the ovaries where they interfere with reproduction, and the lymph nodes, where they kill your immune system. Both helping to reduce population just like they wanted.

8. They told you that the mRNA Covid-19 vaccines do not interfere with your DNA.

They lied. ([Source](#)) A previous [study published in October 2021](#) from Sweden found the spike protein enters into our cells' nuclei and impairs the mechanism our cells use to repair damaged DNA.

9. Now they're trying to tell you that the Covid-19 vaccines lose effectiveness over time and that you need repeat booster shots.

But they are lying yet again. The Covid-19 vaccines can't lose effectiveness, because they never had any as documented in lie #4 above. Instead, we are witnessing an increased degradation of the immune system each time another dose of the Covid-19 vaccine is given. In other words, the Covid-19 injections cause a new form of Acquired Immuno-Deficiency Syndrome (AIDS) ([Source](#))

10. They told you Ivermectin would not work to fight COVID-19.

They lied. ([Source](#)) Ivermectin is 33 times safer than aspirin and works in 20 different ways to prevent all kinds of human infections and cancers.

11. They told you the climate is changing because of mankind's careless burning of fossil fuels.

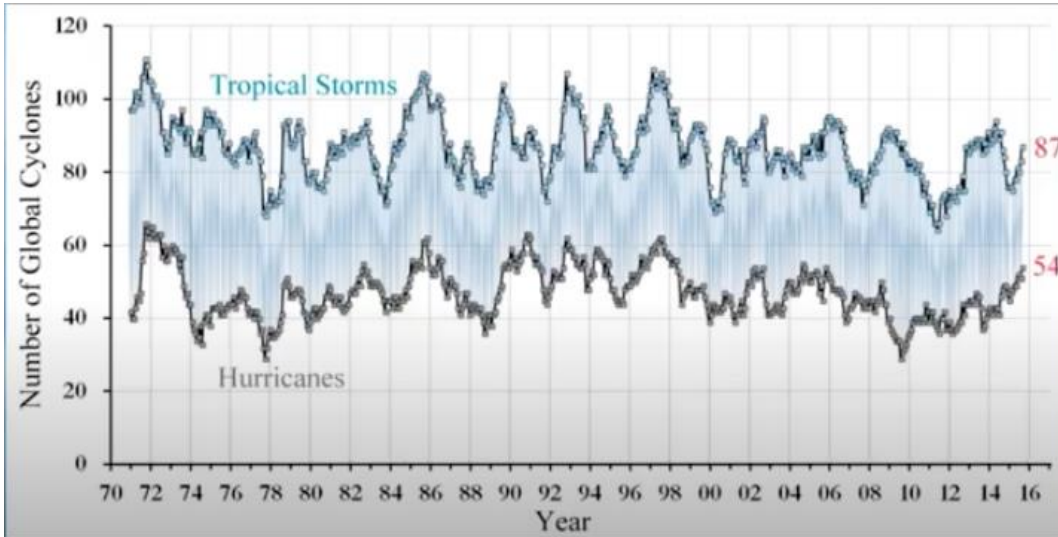

They lied. ([Source](#)) There simply is no evidence to support this nonsense. It's natural and it's called weather!

12. They told you the Antarctica ice cap is melting faster than ever before.

They lied. ([Source](#)) This is a "must watch" video.

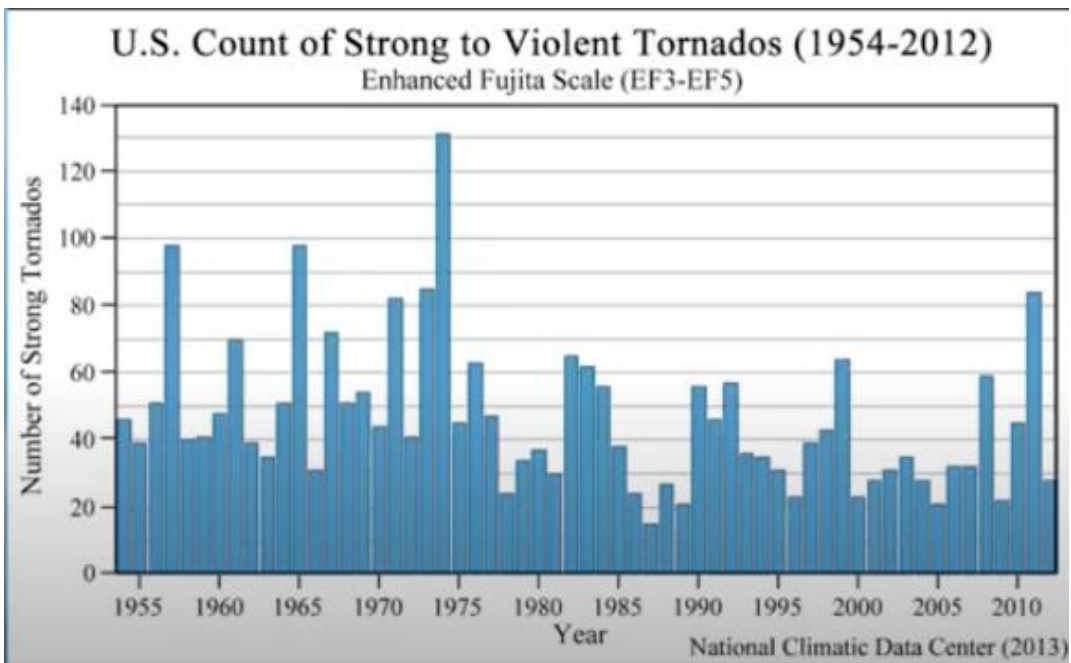

13. They told you tropical storms and hurricanes are getting more frequent and intense.

They lied: There is no increasing trend at all. See actual government data below:

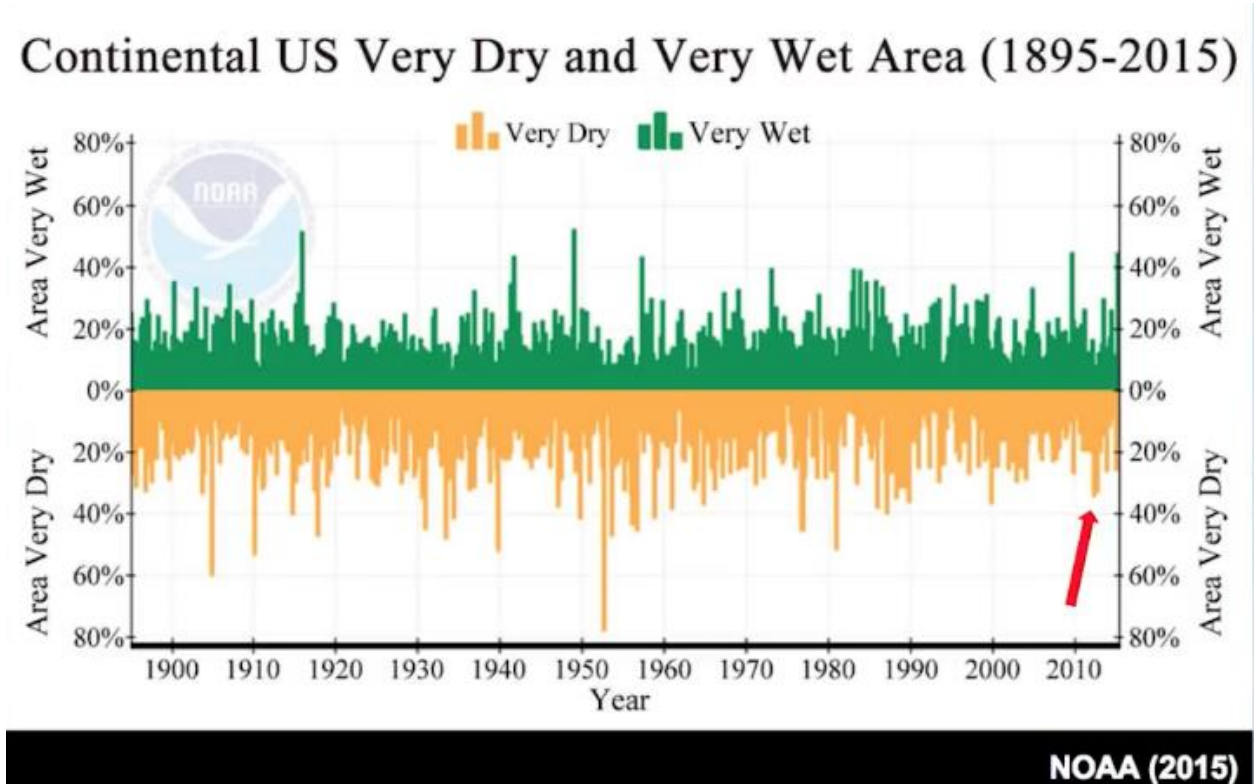

14. They told you the number of strong U.S. Tornadoes have increased substantially in recent years.

They lied. See government data below:

15. They told you the drought conditions in the United States is getting worse.

They lied. See actual NOAA data below:

16. They told you Systemic Racism is a major problem in America.

They lied. [\(Source\)](#) It's a total fabrication by the socialist regime of left-wing politicians, [corporate media](#), and big tech. It is being used to create division among the people in their effort to [destroy our country](#).

17. They told you that if you want to know the answer to any question, you should Google it.

They lied. [\(Source\)](#) Google is the last place you should go to get honest answers. Google and most of the other big tech companies are manipulating their searches and data to promote a radical socialist agenda. Alphabet Inc., who owns Google, who owns YouTube, which is transmitted on Amazon servers, are working together to control the narratives the [Sheeple](#) are fed. Use DuckDuckGo if you want an honest search.

18. They told you we must get a vaccine, social distance, and wear masks to prevent dying from COVID-19.

They lied. [\(Source1\)](#) [\(Source 2\)](#) More than 6,000 NIH technical papers show that all healthy people can prevent infection and hence death if they have a normal level of blood serum zinc and zinc ionophores. To understand this, all one must do is ask why don't healthy children get sick and die from COVID-19, or why are some people of all ages asymptomatic when they get infected? **Answer:** Because they all have normal levels of zinc ionophores, like vitamins C, D, E. and zinc in their blood stream. OR, why are old people and those with compromised health conditions more likely to die from this virus? **Answer:** Because they don't have any zinc in their blood. All of the 18 comorbidity conditions associated with COVID-19 deaths are caused by a zinc deficiency. To learn the actual causes of infection, read this article: [COVID-19 and Real Science](#). And if you want to know how to treat this virus in case you get it, here is a "must read" Guideline: [A Guide to the Management of COVID-19](#) (7-30-21). This is important, because most likely your doctor won't do this and you might die because of his/her wokeness. Also, Masks Don't Work! The NIH spent \$42 billion last year on research, but didn't do a single study on Mask effectiveness. Why? Because they have already done hundreds of studies and they all show masks don't work!

19. They told you there is no inflation.

They lied. It's currently 8.5%. When we increase the money supply through manipulated economic activity controlled by government, a process which is essentially printing money, people will have more money to spend on too few goods available and further drive up the cost of goods in the U.S. Until the labor market is restored and the supply chains normalized, inflation will continue to be a long-term problem.

20. They told you the American Education System provides the best education in the world.

They lied. There are many surveys that rank the various education systems in the world and most show the U.S. [far from the best](#), but for me a good indicator is whether or not adults can discern fact from fiction and when, [according to Gallup](#), 64% of Americans still trust our scientists today after all the lies outlined hear in, I would have to say our education system has totally failed. And OBTW, 79% of those who believe these lies are Democrats, compared to only 45% Republicans. For more details read one of the most important books of the century by [John Ellis; The Breakdown of](#)

[Higher Education](#) (2020), where we learn that our education system has been taken over by very progressive far left liberal professors and administrators who hate America.

Epilog

WOW! When will the lying end? I think, like a drug addict, [the far-left psychopaths](#) have gotten so out of control, that this will only stop when they finally overdose and die. As they continue to drink their cool-aid (vaccines) their immune systems are getting worse with every booster, so it's only a matter of time before they all kill themselves. Unfortunately, only the [Sheeple](#) will die, because the leaders of this cabal know the truth and have never been vaccinated. They will continue to fight, but without their loyal dolts, they will lose the power they all crave and once again sanity will reign in this land of the free.
